disty

disty**Notruf**

The life guard on the arm.

At the touch of a button distyNotruf is used to connect directly to persons in a position of trust

- Easy installation
- Easy operation
- Speakerphone feature
- Takes all incoming calls

distyNotruf can be of great help in emergencies or threatening situations.

You only need to specify in advance who to call for help.
It can store up to 5 telephone numbers.* After pressing the distress call button, these numbers are called until help responds.

Scope of delivery

- **distyNotruf** with wristband
- Operating instructions
- Belt clip
- Neckband
- Power supply/charging cable

* The first call number can be saved using the clip function. The remaining four memory locations can be „filled" with the desired number via hotline.
